Online experience

Your online experience

We have moved our entire Professional Women Conference Series online for 2021. We are committed to ensuring the wellbeing and safety of our delegates, colleagues, and stakeholders at each of our events and the decision to move the series online is to ensure we are delivering the most accessible events possible in the current environment.

About the virtual platform

- The online event platform will enable you to customise your experience and take notes on the speaker slides during sessions
- Have your say through our live Q&A feature where you can pose your questions to any of our speakers
- Accessible via web browser on laptops, tablets and mobile devices, it is compatible with most security systems
- Access to a huge library of on demand content, before and after the event, to supplement your learning, covering a range of topics and skills including communicating with impact, building relationships for success, and developing your leadership potential

If you have any further queries, please get in touch with us at conference.admin@dodsgroup.com [1].
